52-Week Savings Challenge

5K Challenge

To save \$5,000 in a year, our guide aligns with your billing cycles, starting the month with lower savings amounts that increase and then decrease at the month's end. The last four weeks of the year require only \$50 per week, which you can use during the holiday season or for unexpected expenses. Alternatively, you can consistently save \$97 each week for 52 weeks.
